Знай свое служение, знай свою проповедь и методы

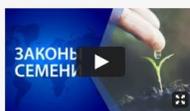

ОПИСАНИЕ УРОКА:

Семинар доктора Лесли МакНолти позволяет нам задуматься над видением и целями служения, которое доверил нам Бог. Осознание своего послания и методов поднимают нас на уровень самого высокого понимания жертвенной Божьей любви.

Наше служение- это наша цель и наше видение. Наше послание- это искупление Христа- картина Бога, картина сатаны, картина Христа и картина возрожденного человека. Наши единственные методы- это непоколебимая любовь к Богу и к людям.

Законы семени

ОПИСАНИЕ УРОКА:

Цель семинара в том, чтобы ответить на вопрос почему происходят чудеса от Господа и как на это влияет закон семени, который находится внутри христианина.

Силу Божью, действующую внутри христианина доктор Кевин сопоставляет с работающей «фабрикой», которую человек запускает верой и позволяет ей работать.

Здесь так же доктор Кевин дает иллюстрацию плодородной почвы и характера фермера, сажающего в нее нетленные семена.

Я за души, Я за знамения, Я за успех

ОПИСАНИЕ УРОКА:

Семинар доктора Кевина позволяет занять твердую позицию относительно любви и сострадания к людям, принятия евангельских чудес и знамений, а также позицию относительно процветания и успеха в жизни христианина.

Доктор Кевин раскрывает важность понимания того, что недостаточно иметь веру в Бога, но важно так же понимать, что Бог верит в нас. Быть

EXCERPTS from EURASIAN FIELD REPORTS

(Does not include all evangelists.)

Report from Olga Kozorez, World Harvest, Molokovo, Moscow, Russia

During the quarantine, we had to cancel all trips and festivals. BUT ... God opened up new directions for us to minister to people!

CHILDREN'S PROGRAMS

- In June, our Vocal Studio "Unison" was launched. For half a year, teenagers from Molokovo came to Classes twice a week. On December 20th, together with their parents we are preparing the second concert of the class. There will be more than 20 teens and their parents participating.
- A few years ago, we prayed and dreamed of ministering to children in Molokovo. We conducted various **Children's events in tents and in the Palace of Culture**. This year we have opened an after school program for the kids left at home due to the growth in our region and rush hour traffic delays.

TENT MAKING

- In the summer we continued making tents. (5 Tents were produced.) One of the tents will be sent to Abkhazia, and we are waiting for the opportunity to hold the Festival in that region. The second Tent was made for the church in Kaluga, which lost its building.

EURASIAN MISSION SCHOOL – MOSCOW SEMINARY

- In the spring we signed an agreement with the Moscow Seminary for our School of Missionary-Evangelists. Due to the pandemic, we were forced to conduct this new course online. We were pleasantly surprised that even more students were able to join us at anytime from anywhere in the world. About 30 students completed 60 hours of training. People continue to call and learn to this day.

SELF-SUSTAINING FOOD PRODUCTION

- In May, Kirill bought 50 quail eggs and 50 chicken eggs, as well as an incubator. Today our mission has a mini farm - 400 quail and 50 chickens. Fresh meat and eggs. Four goats provide milk, cottage cheese, and cheese. Thank God! We have food in the time of crisis. Glory to our Lord, we see good fruit!!!

21ST Harvest Estonia, Baltics – Johannes Kudrin

- **Albania, Macedonia** A container of Humanitarian Aid with 3 tents and 18 tons of humanitarian aid has been sent to aid in the earthquake destruction of several churches. They now can meet in the tents until the season of rebuilding is over. *This project is the result of Christians in Norway, Estonia, Russia, Bulgaria, and the USA!*
 - Ministered in nine cities. The mission was successful, meetings with pastors, Bible school leaders, six evangelistic meetings in different places, and two meetings with mayors of cities.

- Pastors agreed and are planning 3-6 Tent Evangelism events + Missionary Schools for August-September of 2021. Plans are made to open a church in the Muslim city of Kos.

Evangelists Sofia and Waldemar from Bulgaria

- **Good News street ministry** among thousands of people in dozens of settlements. We had made many trips and we reached dozens of settlements with the Good News, in the Rhodopes, **where the population is 90% Muslim**. In northeastern Bulgaria, there is a region with little Gospel influence and where there are only a few churches.

Statistics from the Tent Festival in Ruse on the border of Bulgaria with Romania.

- Many evangelists joined their efforts together for this event from different regions of Bulgaria, Estonia, Belarus, Poland, Finland
- Nine days the gospel was preached, and prayer offered for people, in the Gospel tent, in the streets and in villages.
- 743 people prayed to receive Jesus
- 128 people received healing
- 2,202 people heard the gospel.

BELARUS – Evgenny

- Teams going out to the streets in Belarus in the midst of a national political crisis.
- Successful nationwide family festivals conducted.
- Tent events held in various villages.

SIBERIA – Buryatia, Tatiana

- Outreach in the villages of Sosnovoozersk, Uldurga, Poperechka, Sharashova. In Bagdarin, Malovsk we shared the Gospel in people's homes.
- Regular street ministry in and around the capital city – Buryatia.
- Every Sunday we are conducting an Evangelistic street service with Alexei Kalmykov from the team in each district of the city. We set up speakers and we pray for the people.
